Access

Needs Being Addressed by this Strategy:

- #1: 62.3% of survey respondents indicated that access to healthcare and other services was the most important components of a healthy community.
- #2: 26.5% of survey respondents rated their knowledge of health services available at Rosebud Health Care Center as "fair" or "poor."
- #3: Focus groups suggested that wellness programs and increased community education about chronic diseases and prevention would improve the health of the community.
- #4: 24.7% of survey respondents indicated they were unaware of health-cost assistance programs.
- #5: 22.0% of survey respondents indicated avoiding or delaying receiving health care services within the past three years. Of those responding they had delayed seeking care, 30.3% indicated it was due to cost.
- #6: Survey respondents indicated interest in nutrition education classes (35.2%).
- #7: Survey respondents indicated interest in women's health education classes (32.7%).
- #8: 14.5% of survey respondents indicated that, within the past three years, they had felt depressed on most days for periods of at least three consecutive months. 8.8% of respondents indicated mental health issues as one of the top three health concerns in their community.

Improve access to and awareness of the services available at Rosebud Health Care Center. The indicators were developed on this plan to allow measurements of our objectives and action steps. Continued improvement in working with the community and their needs will be carried over into fiscal year 2017. Anyone interested in helping with projects like developing fitness activities, please call 406-346-4234.

				Impact will be measured and evaluated through	
Objective A:	Action Steps	Accountability	Timeframe	these indicators:	Status at the end of FY 2016
Organize a health fair for community members	Determine a location to hold the health fair within the hospital.	PR Committee	Oct-15	# of people screened for financial eligibility	Unable to determine
	Make a list of services and departments to have a booth at the health fair (e.g. financial information, safety, and screenings, i.e., blood pressure).	PR Committee	Nov-15	# people connected to financial resources/ insurance products	Unable to calculate. Beginning June 2016, financial aid packets have been developed and the number handed out will be tracked.
	Inform all staff about the health fair and schedule appropriately to have staff with clinical experience available.	R.Tooke, CEO	1-Nov-15	# people participating in the free glucose and lipid screenings	65
	Offer free glucose and lipid screenings when community members bring food donations for food baskets.	C.Sessions	On Going	# follow up appointments made from screenings	Persons with panic value lab results are called and encouraged to be seen the same day
	Each service area/department of the hospital will host a booth at the health fair.	R.Tooke, CEO	9-Dec-16	Other information, demonstration provided at health fair (list each one)	Rosebud Health Care Center, Public Health, and the Rosebud County Library had informational booths and were present to answer questions.
	Offer flu and tetanus shots at the fair	M. Price	15-Oct	# referrals to physicians	
	Offer health fair pricing on labs yer round	RHCC	ongoing	# referrals to the clinic	197 new patients seen in the clinic 2017
				# of referrals to specialists	unable to calculate
				# people who attend education program(s) # and % of people who increased	86 not including offsite educational programs
				knowledge of (the information presented) # and % of people who intend to do	Unable to calculate.
				something/or change behavior as a result of	
			ĺ	program	unable to calculate will add to evaluation
			1	# pounds of healthy food donated	226 pounds
				# people who received flu shot	235 FY 2017
				# people who received tetanus shot	7 FY 2017
				# people receiving health fair pricing on labs	232 FY 2017
