

Clinical Laboratory Scientist (CLS) or Clinical Laboratory Technician (CLT)

**Rosebud Health Care Center is looking for a
Clinical Laboratory Scientist (CLS)
or
Clinical Laboratory Technician (CLT)**

Position is full time or part time.

This is a generalist daytime position with rotating call for nights and on weekends. Call time will usually include one or two weeknights per week and one weekend per month.

In this position, the employee is responsible for collecting patient samples, receiving and distributing specimens, preparing specimens for examination, analyzing specimens in all areas of the laboratory, and assisting the Laboratory Manager, as needed.

Minimum Qualifications:

1. 90 credit hours of college with an emphasis in biology and chemistry or an approved course of study
2. ASCP certified, or equivalent
3. Licensed as a CLS or CLT in the State of Montana or have the ability to obtain a Montana license within 45 days after a temporary permit is issued
4. Qualified for Montana State Licensure under CLIA 88
5. Ability to communicate effectively and diplomatically within a multi-functional team
6. Ability to read and communicate effectively in English
7. Possess strong organizational skills and attention to detail
8. Ability to successfully function in a fast paced, service oriented environment
9. Experience in understanding and usage of computers, including the Microsoft Office Suite, as well as the ability to learn applications relevant to the position
10. Be highly motivated and able to work independently

RHCC offers competitive wages and benefits. New Grads welcome.
